

Job Announcement – Senior Market Analyst May 2022

Organizational Overview

Since 1995, the Loan Syndications and Trading Association (LSTA) has been the industry's premier platform for all participants in the rapidly evolving syndicated lending market.

Thanks to its members, who include a who's who of thought leaders from major firms industry-wide—including buy-side, sell-side, and supporting services (legal, accounting, consulting, technology, analytics, and settlement)—the LSTA has remained singularly focused on its core mission: to promote a fair, orderly, efficient, and growing corporate loan market while advancing and balancing the interests of all market participants.

Job Summary

The LSTA is seeking a Senior Market Analyst to join our Analytics and Strategy team. The candidate will report directly to the LSTA's EVP of Analytics and Strategy, while providing research support to the association's Executive Director and EVP of Research and Public Policy. The ideal candidate will demonstrate a strong understanding of the US corporate loan market in order to support senior management across various disciplines. The candidate must possess strong written and oral communication skills to collaborate with internal and external stakeholders; and the analytical experience to augment the LSTA's existing coverage of the syndicated loan market. In particular, the candidate will have a direct mandate to proactively develop the association's analytical coverage of the direct lending loan market.

Placement: This is a full-time exempt position based in midtown Manhattan, NY. The LSTA currently offers a hybrid work model that allows its employees to work remotely twice a week.

Key Duties and Responsibilities

- Manage related market data collection processes and internal databases
- Solidify existing data-provider relationships and identify new strategic partnerships
- Provide analytical coverage on the broadly syndicated and direct lending loan markets, while reporting on economic trends which influence the broader markets, more generally
- Support existing analytical workflows and product offerings while liaising with LSTA member firms on ad-hoc requests and special projects
- Collaborate with senior management on various analytical deliverables, including the preparation of presentations, reports, and white papers
- Support other initiatives including content creation related to ESG, Public Policy, and Regulation
- Other duties as assigned

Requirements and Qualifications

- Bachelor's degree in finance, statistics, economics, or a related field is required
- Analytical research experience (at least 3 years in corporate loan market)
- Strong analytical written, and oral communications skills
- Advanced working knowledge of Microsoft Office, with particular expertise in database structure and design

To Apply: Applications accepted on a rolling basis. Please send a cover letter, resume, and salary expectations to Ted Basta at LSTA.Data.and.Analytics@lsta.org.

LSTA is an equal opportunity employer, committed to attracting, developing, and retaining exceptional people. We welcome and encourage applicants for all positions respecting the full spectrum of education, experience, age, race, creed, color, national origin, sex, religion, physical or mental disability, sexual orientation, gender identity, gender expression, ancestry, marital status, veteran status or other military status, or citizenship status, genetic carrier status, genetic information, AIDS or AIDS-related complex or HIV status, being a victim of domestic violence, protected activity (i.e., filing a charge of discrimination, participating in a discrimination proceeding, or otherwise opposing prohibited discrimination), or any other characteristic protected by federal, state, or local law.
