

Michael Eliason has 13 years of experience within syndicated loan operations for Citi. Michael began his career as a par closer in 2007 and moved on to distressed closing in 2008. From 2013 through 2018, Michael served as supervisor over par closing operations. Since 2018, he has served as a Vice President managing North American loan document processing operations for Citi. His areas of oversight include par closing, distressed closing, corporate actions, Citi-as-agent trade processing, and client onboarding. A key focus of this role is identifying opportunities for greater efficiency through process improvements and technological change.

Michael has a B.S. in Finance and an MBA from Rowan University.
